## **Winter Development Camp Refund Policy**

A registration spot is not considered guaranteed until such time as full payment is received. Once a spot is guaranteed, no refunds will be issued. During the online registration process the Development sessions have been grouped together and will be available to the first 120 paid players plus goalies. The players will subsequently be notified of their time slot for the first week. After the 1st session if the coaches determine that your son/daughter would benefit more from one of the other groups you will be contacted with this information prior to the 2nd week.
